## 2. Admission criteria

### A. Applicants with higher education study

Applicants with Higher Education Study are those whose highest level of study since leaving secondary education is a higher education course, such as a university degree or university-level Diploma. This includes applicants who have completed a higher education course, those who are currently studying a higher education course at another education provider and want to transfer to LTCA, or those who are currently studying a higher education course at LTCA but wish to change course.

The vast majority of our applicants have not completed any higher education study and our programs are specifically designed to cater to this group.

Completion in part (minimum 4 units) or whole, of a higher education course will satisfy the broad academic requirements for entry into an LTCA Diploma; but separate evidence of English proficiency, and/or evidence of course-specific pre-requisites might also be required.

LTCA may recognise partial completion of a qualification under the principles of Credit Transfer and Recognition of Prior Learning (RPL). Originals or certified copies of academic transcripts, unit outlines and supporting documentation are required prior to processing.

Confirmation of exemptions will accompany the Letter of Offer Package

For more details see: [Credit Transfer Policy](#) and [Recognition of Prior Learning Policy](#):

### Completed bridging or enabling course

Applicants, or prospective students who successfully complete a La Trobe College Foundation Studies course gain entry into the first year of an undergraduate degree at La Trobe University.

### B. Applicants with vocational education and training (VET) study

Successful completion of a Certificate IV or a Diploma course undertaken from VET study may be presented by an applicant in substitution of an ATAR score. Admission is dependent on the completion of the course and the level of academic performance achieved.

In some circumstances, your previous study may also count as credit towards your La Trobe College Australia course. This can reduce both the length and cost of your course. If you think you may be

eligible for credit for prior learning, please complete and submit a [Recognition of Prior Learning Application Form](#) at the time you apply for admission.

Please contact our Admissions team [admissions@latrobemelbourne.edu.au](mailto:admissions@latrobemelbourne.edu.au) for more information and to discuss your circumstances.

### **C. Applicants with work and/or life experience**

Admission options are available for prospective students who do not have a sufficient ATAR or equivalent, have not completed secondary education to Year 12 level within the past two years or have not undertaken or completed previous recognised study. Prospective students with relevant work or life experience are required to submit a biographical essay detailing the aspects of the course relevance, their personal goals, career and life experience. The application will be assessed by an Academic Coordinator or Director.

### **D. Applicants with recent secondary education (within the past 2 years)**

#### **Australian year 12 students**

Our courses are published in the TAC guide and website for students to access information.

#### **ATAR-related adjustments**

Prospective students can complete a SEAS (Special Consideration and Special Entry Access Scheme) application via VTAC when applying for their course if eligible and any adjustment factors will be added to their ATAR score according to the category to adjust the system rank. Such adjustment factors are detailed at: <http://www.vtac.edu.au/seas.html>

#### **ATAR and additional criteria (admitted where both ATAR and additional criteria were considered)**

Interviews may be conducted for prospective students where personal circumstances have affected academic achievement but SEAS (Special Consideration and Special Entry Access Scheme) was not applied for.

### **Applying from Interstate**

Interstate Year 12 prospective students can also apply through VTAC, their qualification will be converted to the ATAR equivalent by VTAC.

### **Other admission options**

Special consideration can be applied submitting a SEAS application when applying for a course via the relevant Tertiary Admissions Centre (TAC). A non ATAR admissions option is not available for recent school leavers unless the applicant has submitted a SEAS application or completed a VET course.
